

INFORMATION PAPER

DAPE-HR-PR
20 November 2000

SUBJECT: Wear of the Nametape on the Extended Cold Weather Clothing System (ECWCS) (Gortex) Parka

1. Purpose. To provide clarifying information concerning wear of the nametape on the Gortex parka.

2. Facts.

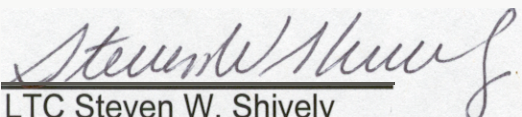

a. In January 2000, HQDA released a message to the field concerning wear of the nametape on the Gortex parka. Since that time, numerous inquiries have been received concerning the requirement to wear the nametape. The message did not make clear whether wear was optional or mandatory.

b. Wear of the nametape on the Gortex Parka is mandatory. The nametape is 3-1/2 inches long, 1/2-inch wide, with 1/4-inch block letters. The nametape will accommodate 14 characters. Soldiers will sew the nametape on the left sleeve pocket flap, 1/4 inch up from the bottom of the flap, and centered left to right.

3. This information has been incorporated into the revision of AR 670-1, which will be published in early 2001.
